

Professional Development Workshop

Pre-NSTA Conference Workshop

November 10, 2010

Baltimore Hilton • Latrobe Room
Baltimore, Maryland
8:30am–4:00pm

PRESENTED BY A TEAM OF CURRICULUM DEVELOPERS
AND PROFESSIONAL DEVELOPMENT STAFF FROM
LAWRENCE HALL OF SCIENCE

SPONSORED BY DELTA EDUCATION

This one-day workshop is designed for those who want to facilitate students' in-depth investigation of shoreline ecosystems with a focus on earth science, organisms, and human impact on ecosystems.

Other Topics and Activities to be covered:

- *Seeds of Science/Roots of Reading*® approach to integrating science and literacy
- *Seeds of Science/Roots of Reading*® content addressing standards in both science and literacy
- Firsthand experience with activities from the Shoreline Science unit
- Student books and the role they serve in supporting inquiry science
- "Teaching Support and Considerations" featured in the *Seeds of Science/Roots of Reading*® teacher guides
- *Seeds of Science/Roots of Reading*® effectiveness studies
- *Seeds of Science/Roots of Reading*® assessment system

REAL WORLD. REAL SHORELINE SCIENCE.

Bring a team!

Groups of three or more receive a free kit valued at \$795.00!

To register for a workshop contact Pam Frisoni at **Pam.Frisoni@SchoolSpecialty.com** or call **603-579-3503**. Please specify the SEEDS workshop for Baltimore. Workshop sponsored by Delta Education. There is no workshop cost to you. Continental breakfast and lunch provided.
